NOTE—Patronize those whose names are in large type, for they are the progressive ones and generally leaders in their line.

☞Index appears in front of special business headings only, for which an extra charge is made.

Purpose of (*) star in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

Character------

Between reputation and Character is a fine distinction through time and deeds comes the ultimate appraisal character—a definite policy and practice is the operati plan of The Asheville Citizen—to do the right thing as ma kind understands the right.

The Citizen's own record of achievement is a reflecti of its high character.

In 1927 The Citizen lead its only daily competitor by:

1,000,166 lines local advertising
991,676 lines national advertising
261,632 lines classified advertising

Such advertising leadership not only proves the character of The Citizen, but also its higher value as a definite result producing advertising medium.

The Asheville Citizen is made first for its readers—whic of course, is reflected by its completeness in every depar ment of news gathering.
